

Cuesta Park Annex Workshop II	Concepts Evaluation: For each Criteria, numerically evaluate the performance of each Concept: +2 (Most Positive), +1 (Positive), 0 (Neutral), -1 (Negative), -2 (Most Negative)				
Performance Criteria	Explanation of the Criteria	Concept A	Concept B	Concept C	Concept D
Community-Wide Asset	The concept clearly functions as a City-wide amenity, providing explicit benefits to the whole community. It provides uses unique to the Annex, and not available elsewhere in the City's park and open space system.				
Diverse Appeal	The concept appeals to and accommodates a wide range of ages and interests within the community.				
Recreational Asset	The concept provides multi-use open turf areas for active sports and recreational activities.				
Educational Asset	The concept offers opportunities for informal and formal education.				
Cultural Asset	The concept includes amenities and features that reflect elements of the history and tradition of Mountain View.				
Mature Oak Tree Preservation	The concept adequately preserves the mature Valley and Coast Live Oak trees.				
Ecological Asset	The concept preserves or improves the ecological health of the site, including native flora and fauna.				
Non-City Installation and Maintenance Costs	The potential for funding, operating, and maintaining the private or non-governmental elements of the Concept appear feasible.				
Motor Vehicle Parking	The motor vehicle parking shown on the concept appears appropriately located and configured.				
Noise Impacts	The anticipated noise generated by this Concept, beyond and among Park users, appears acceptable.				
Views	The concept preserves distant mountain views seen from the front of the site along Cuesta Drive.				
Safety and Security	The concept does not produce unacceptable security and safety risks to Annex users and adjacent users, uses, and environments.				
Balance of Uses	The concept offers an appropriate balance of uses.				
Compatibility with the Adjacent 'Cuesta Park'	The concept is compatible with Cuesta Park proper and does not adversely impact the integrity of the Park, its users, uses or environments.
